Build The Model That's Right For You.

Skill Level Codes

In addition to the extraordinary variety of Revell model kits to choose from, each retail package is coded according to the level of skill required for assembly. These helpful guidelines ensure that everyone can select a kit that best fits their modeling ability. Whether it's Skill 1, SnapTite® or Skill 2 or 3, each of our kits meets the same high standards of detail and quality we're known for.

Paint Guide

Each of our kits includes a printed paint guide on the outside of each retail package. There's no need to open the box to find out what paints are recommended to match the model shown on the box.
